Mic with pocket transmitter which can be adapted for instrument input.

A real work horse – solid, reliable, simple.

£160

TOA TRUE DIVERSITY UHF SYSTEM

3 matched units, all Toa's top of the range!

WT5800 64 channel true diversity receiver

WM5270 Dynamic Hand held vocal mic

WM5325 Cardioid Lavalier mic

(Pocket transmitted can be adapted for Instrument input)

Full set costs over £940 new.

Only £320 for the full system

LD SYSTEMS UHF SET

Multi Channel Mic & Diversity Receiver
'Starter Set' and great for Karaoke
or Announcements.

£95

Note – Don't confuse TRUE DIVERSITY with cheaper, 'space' diversity sets. True Diversity offers a much more reliable radio coverage with no 'drop-out' or hunting for signal.
